---

## DATE POSTED

May 12, 2026

## LOCATION

Modesto, CA

## PAY

\$30.00-\$40.00 per hour

## JOB TYPE

Full Time

Diversified Machining & Fabrication (DMF) is a precision machining and fabrication company based in Modesto, California. We partner with customers across a range of industries to deliver high-quality manufactured components, assemblies, and fabrication solutions with a strong focus on craftsmanship and reliability. Our team combines advanced manufacturing capabilities with hands-on industry experience to support projects ranging from custom parts to large scale projects.

## JOB DESCRIPTION

We are in search of seasoned journeyman machinists who are diverse in operating a variety of manual machines to produce large and small high quality precision components. Operation of horizontal and vertical lathes, milling machines, surface grinders, etc. must be second nature. Candidates must be able to think creatively using a variety of machines and setups to produce complicated parts and components. May also fabricate and repair parts for industrial, agriculture, and power generation equipment. Candidates must be able to produce high quality workmanship within reasonable timelines.

## RESPONSIBILITIES

- > Operate manual machines.
- > Read and comprehend blueprints, sketches, drawings, manuals, specifications, or sample part to determine dimensions and tolerances of the finished workpiece, sequence of operations, and set up requirements.
- > Hard working, reliable, motivated individual, with a positive attitude who works well independently and with others, in a safe clean and organized manner.
- > Selects, aligns, and secures holding fixtures, cutting tools, attachments, accessories, and materials on machines as necessary to machine parts as required.
- > Calculates and sets controls to regulate machining factors such as speed, feed, coolant flow, and depth and angle of cut, or enters commands to retrieve, input, or edit computerized machine control media according to established guidelines and procedures.
- > Starts and observes machine operation to detect malfunctions or out of tolerance machining and adjusts machine controls or control media as required.
- > Verifies conformance of finished workpiece to specifications, using measuring and inspection tools as necessary.

- > Sets up and operates machine on trial run to verify accuracy of machine settings or programmed control data.
- > Performs routine maintenance tasks on machines as required.
- > Maintains a clean and organized work area.
- > Maintains a positive work atmosphere by acting and communicating in a manner so that you get along with customers, clients, co-workers, and management.
- > Ensures safe work practices are followed and adhered to.

#### BASIC QUALIFICATIONS

- > To perform this job successfully, an individual must be able to perform each essential duty professionally. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals to perform the essential functions.

#### PREFERRED SKILLS & EXPERIENCE

- > Minimum of 10 years.
- > Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals.
- > Ability to write routine reports and correspondence.

#### ADDITIONAL REQUIREMENTS

- > While performing the duties of this position, the employee is regularly required to stand and frequently required to walk, use hands to handle or feel objects, reach with hands and arms, and communicate effectively through speaking and hearing. The employee may occasionally be required to sit, climb, balance, stoop, kneel, crouch, or crawl. The position occasionally requires lifting and/or moving up to 50 pounds.
- > Specific vision abilities required for this role include close vision, distance vision, peripheral vision, and the ability to adjust focus.
- > While performing job duties, the employee is regularly exposed to moving mechanical parts. The work environment is typically moderate in noise level, although exposure to loud noise conditions may occur.
